Schedule of Travel Agency Service Fees

(Domestic Travel – Arranged Travel)

Inbound Platform Corp. (JAPAN BUS TICKETS)

Travel agency registration: Governor of Tokyo Registered Travel Agency No. 2-7989
Effective date: November 26, 2026

1. Application of this Schedule

(1) This Schedule sets out the travel agency service fees (the "Arrangement Fees"), change handling fees and cancellation handling fees for arranged travel contracts (domestic travel) concluded between the Company and travelers.

(2) This Schedule does not apply where the Company arranges travel services at the request of a person engaged in the travel business (including one operating outside Japan under foreign law, such as a travel agency or destination management company) for provision by that person to its own customers (travel service arrangement business). Fees in such cases are as set out in the individual quotation or agreement. This Schedule applies where a company, school, event organizer or other organization requests arrangements for its own employees, members or participants.

(3) The fees in this Schedule are charged in addition to the fares, charges and other costs payable to carriers and other service providers.

(4) All fees in this Schedule include consumption tax. Fees expressed as a percentage are calculated by applying the rate to the basis specified for each category (including consumption tax), with amounts of less than one yen rounded down.

(5) This English version is a translation for reference. In the event of any discrepancy between the Japanese and English versions, the Japanese version prevails.

2. Arrangement Fees

Category	Fee	Basis of calculation / notes
A Reservation of shared buses (highway buses, overnight buses, etc.)	Per passenger per segment: an amount set by the Company within the range of JPY 800 to JPY 3,000 (including consumption tax)	The fee varies within this range, taking into account system costs, customer support costs, the details of the arrangement, demand and other factors. The applicable amount is shown on the booking screen before payment and is charged as shown (shown as the "Administrative fee" on the booking screen and elsewhere on the Site).
B Arrangement of chartered buses	Up to 40% of the amounts payable to the charter bus Operator	The basis is the total of the Operator's fares and charges and the toll road fees, parking fees, drivers' accommodation and other expenses related to the carriage charged by the Operator (including consumption tax). Where any such amount is calculated as an estimate in the quotation, the difference from the actual amount, and the corresponding Arrangement Fee, are settled after the service. The rate applied and the amount are stated in the quotation and the contract document.
C Arrangement of hire cars	Up to 40% of the amounts payable to the hire car Operator	The basis is the total of the hire car Operator's fares and charges and the toll road fees, parking fees and other expenses charged by the Operator (including consumption tax). Estimated amounts are settled in the same way as in Category B. The rate applied and the amount are stated in the quotation and the contract document.

Category	Fee	Basis of calculation / notes
D Arrangement of guides (when arranged together with B or C)	Up to 40% of the amounts payable to the guide provider	The basis is the total of the guide fee payable to the provider of the guide (such as a bus company or guide arrangement company) and the guide's transportation, accommodation and other expenses charged by that provider (including consumption tax). Estimated amounts are settled in the same way as in Category B. The rate applied and the amount are stated in the quotation and the contract document.

3. Change Handling Fees

Category	Fee	Notes
A Shared buses	Not applicable	The Company does not accept changes to shared bus reservations. To change a reservation, please cancel it and make a new reservation (cancellation is subject to Section 4).
B to D Chartered buses, hire cars and guides	Free of charge	Where a change increases or decreases the basis in Section 2, the Arrangement Fee is recalculated by applying the rate in Section 2 to the basis after the change.

4. Cancellation Handling Fees

Category	Fee	Notes
A Shared buses	Free of charge	On cancellation, Arrangement Fees already received are not refunded. This is not an additional fee charged for the cancellation; the Arrangement Fee already paid for the completed reservation arrangement is simply not refunded. Cancellation charges of the Operator are payable separately by the traveler.
B to D Chartered buses, hire cars and guides	Free of charge	The amounts payable by the traveler on cancellation for the traveler's own reasons are as set out in Article 9 of the Charter Arrangement Conditions (cancellation charges stated in the quotation and the contract document).

5. Other Provisions

(1) Travel consultation and the preparation of quotations are free of charge.

(2) If the Company is unable to make the arrangement, or the contract is terminated, for reasons attributable to the Company, no Arrangement Fee is charged and any Arrangement Fee already received is refunded.

(3) Cancellation charges, penalties and other costs payable to carriers and other service providers as a result of a change or cancellation for the traveler's own reasons are payable by the traveler in addition to the fees in this Schedule (for chartered buses, hire cars and guides, as provided in the Charter Arrangement Conditions).
